

Terms of Service Agreement

Harmony Telephone Company and its subsidiaries (hereinafter "HTC") are pleased to provide HTC Service to you in accordance with these terms and conditions. This is a legal document which governs HTC Service provided to subscribers for noncommercial use. Incorporated into this document in their entirety, by reference, are the HTC Product Acceptable Use Policy at www.yourlocal.coop, HTC installation documents and HTC products and services pricing documents. Both the terms and conditions herein and any of the incorporated policies or documents may be changed from time to time, without notice. Subscriber's use of the HTC Service shall be deemed an acknowledgment that Subscriber has read and agreed to this Service Agreement.

1. **Definitions:**

- a. **Subscriber:** Any person who uses the HTC Service or who owns, rents, uses or resides at the premises at which the HTC Service is located, irrespective of whether the person is named as the account holder.
- b. **Television, Computer:** An electronic device, including PDA's and cell phones, that can store, receive and process data and which has the minimum requirements necessary to operate the HTC Service as outlined in the consumer informational literature provided by HTC.
- c. **HTC Equipment:** All HTC Equipment owned by HTC delivered to and installed by HTC in Subscriber's home including but not limited to all digital TV equipment, remote controls, DSL wire, the modem (unless purchased separately), router and certain software necessary to receive HTC Service.
- d. **Inside Wire:** Inside wire is the wire located inside the Subscriber's premises. If the Subscriber owns the premises, then Subscriber may purchase HTC Wire Assurance for a monthly charge. If the Subscriber does not own the premises, then Subscriber warrants to HTC that the Subscriber has the right to permit HTC to use the wire.
- e. **Modem:** A device that converts and transmits computer data over DSL lines.
- f. **HTC Service:** HTC Service includes HTC Digital TV, which is delivered by way of digital TV equipment and includes proprietary products of HTC; Internet access, which is delivered over the DSL System or dial up connections and accessed by the Subscriber's personal computer; and PDA and/or Cell phone via a DSL modem or dial up connection. DSL is a best-effort service. Subscriber will be allocated bandwidth up to the bandwidth in the package selected.

2. **Services Provided:** The HTC Service provides HTC Digital TV, Internet access, and access to certain proprietary products of the HTC Service. If you subscribe to either HTC Internet access or HTC Digital TV, you also may subscribe to services such as America Online and CompuServe (collectively referred to hereinafter as the "Other Services") and transact other forms of electronic commerce. Subscriber may incur charges while using the Other Services, while engaging in e-commerce, while accessing information online or when purchasing or subscribing to certain offerings of the Other Services. Subscriber agrees to pay and be solely responsible for all such charges, including applicable fees or taxes. **HTC IS NOT RESPONSIBLE FOR ANY COPYRIGHT ISSUES THAT ARE ASSOCIATED WITH COMMERCIAL USE OF THE HTC Service. ALL HTC Services ARE SUBJECT TO ALL APPLICABLE COPYRIGHT LAWS.**

3. **Payment of HTC Charges:** Subscriber agrees to pay the monthly rate and other applicable fees, charges, taxes, movie or video rental fees, special event rental fees, and reasonable collection costs, including attorney's fees for HTC Service, as established from time to time by HTC. Subscriber must pay all undisputed charges as itemized on the HTC monthly invoice and notify HTC in writing of disputed items within thirty (30) days of receipt of the invoice, or longer as provided by applicable law. Failure to make payment when due may result in termination of HTC Service, the removal of all HTC Equipment on the Subscriber's premises and the imposition of charges for both late payment and reasonable collection costs. Rates for the HTC Service, HTC Equipment, installation and all related services are subject to change in accordance with applicable law.

4. **Television, Computer Equipment:** Subscriber warrants that Subscriber's Television and Computer equipment meets the minimum requirements necessary to operate the HTC Service as outlined in consumer informational literature provided by HTC.

5. **Disruption of Service:** If Subscriber's HTC Service is interrupted for more than twenty-four (24) consecutive hours and if Subscriber promptly notifies HTC of such service interruption, HTC may provide Subscriber with a pro-rata credit of the current prevailing monthly rate for such interruption. Subscriber agrees not to hold HTC liable for incidental or consequential damages of any kind which might result from

any interruption of the HTC Service.

6. **Repair of HTC Equipment:** HTC will install, repair and maintain the digital TV equipment, router or modem on the Subscriber's premises if it was installed by HTC, is necessary for the provision of HTC Service, is located on the premises upon which it was originally installed and if no more than 24 months has elapsed since the date of installation, subject to the following conditions and limitations: Subscriber agrees to connect the HTC Equipment only to a 110 volt properly grounded electrical outlet and to provide continuous appropriate surge protection to all HTC Equipment. Subscriber agrees not to connect, disconnect or tamper with the HTC Equipment in any way. Subscriber agrees to pay HTC for any cost incurred by HTC for repair or replacement of any HTC Equipment due to alteration or damage to, misuse of or tampering with the Equipment by the Subscriber, effective immediately upon installation of HTC Service. HTC may impose a service charge if a technician is dispatched to repair HTC's Equipment due to Subscriber's alteration or damage to, misuse of or tampering with the Equipment if no fault is discovered in HTC's system or HTC Equipment. HTC shall have the right to presume misuse or other improper operations or handling by Subscriber in the event Subscriber requests repair or replacement more than twice in any twelve (12)-month period, or more than three times in any twenty-four (24)-month period. HTC shall have no obligation to fulfill any such repair or replacement request by Subscriber. Subscriber agrees to continuously insure the HTC Equipment against loss by fire, water, theft, natural disasters, vandalism or other loss and Subscriber agrees to indemnify and hold harmless HTC for any such loss. HTC is not responsible for the maintenance or repair of Subscriber's Computer, Modem (if Subscriber-owned) or any related or connected Subscriber-owned equipment of whatever nature. HTC makes no warranties with respect to the HTC Equipment provided by HTC or to whether HTC Equipment is compatible with Subscriber's computer or television.
7. **Relocating Equipment:** HTC's system is highly sophisticated and sensitive. Any "break" in the integrity of the DSL system will subject the system to "ingress" of radio signals, which will disrupt your service and may affect that of others. DSL modems are not "portable" and are not permitted to operate at any location other than the address that appears on the subscriber's account and as installed by HTC. Accordingly, you agree that you will not relocate, move or in any way tamper with the HTC Service. Notwithstanding the foregoing, upon receipt of a request by Subscriber, HTC may relocate the HTC Service for Subscriber within Subscriber's premises at a time mutually agreed to by HTC and Subscriber, subject to applicable listed charges for such relocation. If the Subscriber moves outside of HTC's service area, Subscriber shall notify HTC promptly and this Agreement shall be terminated and the provisions of Section 14 shall apply to such termination. In all cases, Subscriber shall notify HTC pursuant to Section 8 below.
8. **Contact Address:** For any inquiries or notices required in connection with this Agreement, Subscriber shall contact HTC by writing to:
Spring Grove Communications
PO Box 516
Spring Grove, MN 55974
or alternatively by calling HTC at 498-3456.
9. **Subscriber Property:** HTC assumes no liability for the condition or repair of any Subscriber owned equipment of any nature whatsoever, hardware or software. Subscriber is responsible for the repair and maintenance of all such Subscriber equipment, hardware and software.
10. **Taxes:** Subscriber agrees to pay any local, state or federal taxes imposed or levied on or with respect to the HTC Service, the Other Services, the HTC Equipment or installation or service charges incurred.
11. **HTC's Rights:** HTC has no obligation to monitor HTC Service content. However, Subscriber acknowledges and agrees that HTC has the right to monitor content electronically from time to time and to disclose any information as necessary to satisfy or comply with any law, regulation or other appropriate governmental request, to operate HTC Service properly, or to protect HTC or its Subscribers. In some geographic service areas where the Company receives certain types of federal high-cost universal service support, we may be required by the FCC to measure and collect information concerning the speed and latency of broadband services provided to randomly-selected subscribers. Pursuant to applicable FCC guidelines, any required testing would be accomplished by using existing network management systems and tools. The FCC has adopted requirements regarding when tests would begin, when exactly we may perform the tests, and the number of active subscriber locations we would be required to test. Once testing begins, test results must be reported and certified to the Universal Service Administrative Company (USAC) and State Commission on an annual basis. As it relates to randomly-selected subscribers, this required performance testing is in addition to the automatic testing we may do to measure or monitor performance and improve our service levels generally.

12. **Access to Subscriber Premises:** Subscriber warrants that Subscriber is the owner of, or tenant in, the premises and is authorized to enter into and perform this Agreement. Subscriber grants to HTC, or its agents, the right to enter the premises for purposes of installing, connecting, disconnecting, inspecting, auditing, repairing, and removing any HTC Equipment installed or services provided by HTC. Subscriber agrees to hold HTC harmless for any claim of damage due to installing, connecting, disconnecting, inspecting, auditing, repairing, and removing any HTC Equipment installed or services provided by HTC.
13. **Assignment or Transfer:** This Agreement and the HTC Equipment supplied by HTC are not assignable or otherwise transferable by Subscriber.
14. **Termination and Expiration:**
 - a. **Termination by Subscriber:** Unless otherwise terminated, this Agreement shall automatically renew on a month to month basis. Subscriber acknowledges that upon such renewal all pricing is subject to change at HTC's sole discretion.
 - b. **Termination for Bankruptcy:** HTC shall have the right to terminate this Agreement immediately in the event that Subscriber makes an assignment for the benefit of creditors, or a voluntary or involuntary petition is filed by or against Subscriber under any law having for its purpose the adjudication of Subscriber as bankrupt or the reorganization of Subscriber.
 - c. **Termination for Breach:** In the event of any breach of this Agreement by Subscriber, or the failure of Subscriber to abide by the rates, rules and regulations of HTC, or if Subscriber uses the HTC Service to violate any local, state or federal law, this Agreement may be, at HTC's sole option, terminated and HTC's Equipment removed. Failure of HTC to remove such HTC Equipment shall not be deemed abandonment thereof. Subscriber shall pay reasonable collection and/or attorney's fees to HTC in the event HTC finds it necessary to enforce collection or to preserve and protect its rights under this Agreement.
 - d. **Obligations Upon Termination:** The Subscriber agrees that upon termination of this Agreement:
 - i. Subject to 14(a), Subscriber will pay HTC in full for Subscriber's use of the HTC Equipment and HTC Service up to the later of: 1) the effective date of termination of this Agreement 2) the date on which the HTC Service has been disconnected. The Subscriber agrees to pay HTC on a prorated basis for any use by the Subscriber of the HTC Service for a part of a month;
 - ii. Subscriber will promptly return all HTC Equipment to HTC. In the event that Subscriber fails to return any HTC Equipment within ten (10) days of the termination of this Agreement, Subscriber shall be liable to HTC for the actual replacement cost of such HTC Equipment, or be subject to a non-return fee, which fee shall be subject to change in accordance with applicable law.
15. **Renewal after Cancellation or Termination:** Subscriber acknowledges and agrees that in the event of renewal after cancellation or termination of HTC Service, Subscriber shall be subject to the pricing, warranties and terms of HTC as are effective at the time of such renewal and may be required to pay a security deposit.
16. **Change In HTC Service:** The HTC Service provided hereunder is subject to change in accordance with applicable law and policies of HTC.
17. **Disclaimer:** HTC assumes no liability for and exercises no control over the content contained in the Internet, HTC Service and Other Services, including content that is/may be adult oriented, such as pornographic, obscene, gambling or otherwise inappropriate or offensive material and/or information. Questions about blocking such content should be directed to HTC at the address and telephone number listed in this agreement. Further, HTC shall not be responsible for any products, merchandise or prizes promoted or purchased through the use of the Internet, HTC Service, or the Other Services.
18. **HTC Network:** The HTC Service utilizes a network that will allow bi-directional direct access to the Internet; i.e. Subscribers can directly access and respond to direct requests from Internet users outside the HTC Service network. The Network is not intended to protect Subscribers from hackers gaining access to their Computer and as such, Subscribers must not rely on HTC to provide such functions. HTC shall have no liability whatsoever for any claims, losses, actions, damages, suits or proceedings resulting from, arising out of or otherwise relating to damage to the Subscriber, Subscriber's private information of any nature or the Subscriber's Computer, Television or other equipment resulting from the actions of any third party including, without limitation, hackers or computer viruses.
19. **Limitation of Liability:**

- a. Subscriber expressly agrees that the use of HTC Services, software and HTC Equipment, as well as the purchase, download, or use of any third-party product or service provided by or accessed through HTC Service, is at Subscriber's sole risk and Subscriber acknowledges that this service and these materials are provided "as is" and "as available" for Subscriber's use, without warranties of any kind, whether express or implied. Neither HTC nor any third-party provider of services or products makes any representations or warranties with respect to any product or service offered through the HTC Service or the Other Services, and HTC shall not be party to nor responsible for monitoring any transaction between Subscriber and third party providers of products or services.
 - b. Unless otherwise specifically provided in this Agreement, HTC will not be liable to the Subscriber or to any third party for:
 - (i) any direct, indirect, incidental, special, punitive or consequential losses or damages, including loss of profits, loss of earnings, loss of business opportunities and personal injuries (including death), resulting directly or indirectly out of, or otherwise arising in connection with the use of HTC Service by the Subscriber or any other use of the Other Services including without limitation, any damage resulting from or arising out of the Subscriber's reliance on or use of the HTC Service or the Other Services, or the mistakes, omissions, interruptions, deletion files, errors, defects, delays in operation, transmission, or any failure of performance of the HTC Service or the Other Services; and
 - (ii) any losses, claims, damages, expenses, liabilities or costs (including legal fees) resulting directly or indirectly out of, or otherwise arising in connection with, any allegation, claim, suit or other proceeding based upon a contention that the use of the HTC Service or the Other Services by the Subscriber or a third party infringes the copyright, patent, trademark, trade secret, confidentiality, privacy, or other industrial or intellectual property rights or contractual rights of any third party. This limitation applies to the acts, omissions, negligence and gross negligence of HTC, its officers, employees, agents, contractors or representatives which, but for this provision, would give rise to a cause of action against HTC in contract, tort or any other legal doctrine.
20. **Multiple Users:** Subscriber acknowledges that by using the HTC Service, Subscriber is agreeing to the terms and conditions of this Agreement on behalf of all persons who use the HTC Service or the Other Services through Subscriber's Computer, Television or other equipment. Subscriber shall be responsible for ensuring that all Subscribers understand and comply with the terms and conditions of this Agreement. Subscriber acknowledges and agrees that the Subscriber is responsible and liable for any and all breaches of the terms and conditions of this Agreement.
21. **Prohibited Uses of HTC Service:** Subscriber shall comply with all of HTC's standards for acceptable use with respect to the HTC Service and the Other Services and shall refrain from any and all illegal and/or inappropriate activities, including without limitation as outlined in the HTC Product Acceptable Use Policy. The HTC Product Acceptable Use Policy will be updated from time to time and the latest version will supersede all prior versions. Please check the website at www.yourlocal.coop for the most up to date HTC Product Acceptable Use Policy and Terms of Service Agreements. All users of HTC Services must fully comply with all copyright laws. In addition to the prohibitions outlined in the HTC Product Acceptable Use Policy, Subscribers, without written approval from HTC, may not:
- a. Run any type of server on the system. This includes but is not limited to FTP, IRC, SMTP, POP, HTTP, SOCKS, SQUID, DNS or any multi-user forums;
 - b. Register or point a domain, sub-domain, or host name to any HTC IP address. Moreover, users may not have traffic redirected to the HTC Service;
 - c. Resell, share, or otherwise distribute the HTC Service or any portion thereof to any third party without the written consent of HTC. For example, Subscriber may not provide Internet access to others through a dial up connection, wireless access or host shell accounts over the Internet, provide email or news service, or send a news feed.
 - d. Copy, distribute or sub license any software provided by HTC, except that Subscriber may make one copy of each software program for back-up or archival purposes only;
 - e. FTP/HTTP. Subscriber should also be aware that when using the Computer to access files through means such as FTP (File Transfer Protocol) and HTTP (Hyper Text Transfer Protocol) Subscriber may open access to Subscriber's computer to other HTC users and Internet users. If Subscriber chooses to make use of such applications for file retrieval, Subscriber should take the appropriate security measures. HTC is not responsible in any manner whatsoever for such security.
22. **License Requirements:** Subscriber agrees to comply with all end user license requirements relative to any of the HTC Service or Other Services which Subscriber accesses pursuant to the terms of this Agreement.

23. **Back-up Requirements:** The Subscriber agrees to back up all existing Computer files by compiling them to another storage medium prior to installation of the HTC Equipment. HTC shall have no liability whatsoever for any damage to or loss or destruction of any of Subscriber's software, files, data, or peripherals.
24. **Virus Protection:** Subscriber must have current/continuing virus protection at their sole cost.
25. **HTC Shall not be Liable for:**
- a. (i) Eavesdropping: Any information sent by the Subscriber over the HTC Service network is sent at the Subscriber's sole risk, and HTC shall have no liability whatsoever for any claims, losses, actions, damages, suits or proceedings arising out of or otherwise relating to such actions by the Subscriber.
(ii) Multiple Computer Connections: When Subscriber's Computer is connected to a DSL Modem, it constitutes a "local" segment. All Subscriber's Ethernet traffic on this local segment will be reflected by the DSL Modem in an unencrypted form onto the DSL network and be subject to eavesdropping, as previously described in subsection (a)(i) above.
(iii) File and Print Sharing: Subscriber understands that users outside the Subscriber's home may be able to access Subscriber's Computer. Further, some software includes capabilities that permit other users across a network such as HTC and the Internet to gain access to the Subscriber's Computer and to the software, files and data stored on the Computer.
 - b. Any Subscriber who,
 - (i) chooses to participate in the HTC Service using other than a single, stand-alone Computer connected to the local segment, if and when this capability is offered, or
 - (ii) chooses to enable capabilities such as file sharing, print sharing or other capabilities that allows users to gain access to Subscriber's Computer, hereby acknowledges and agrees that the Subscriber does so at the Subscriber's own risk.
 - c. Any copyright violations by Subscriber.
26. **Security:** See HTC Product Acceptable Use Policy.
- a. HTC reserves the right to protect the integrity of its network and resources by any means it deems appropriate. This includes but is not limited to: port blocking, email virus scanning, denying email from certain domains, and putting limits on bandwidth and email.
 - b. Subscriber is solely responsible for any misuse of the HTC Service or the Other Services, as well as for the security of any device you choose to connect to the HTC Service, including any data stored on that device, all as detailed more fully in the HTC Product Acceptable Use Policy.
27. **Inappropriate Content:** There may be content on the Internet or otherwise available through the HTC Service or the Other Services which may be offensive to some individuals, or which may not be in compliance with all local laws, regulations and other rules. For example, it is possible to obtain access to content which is pornographic or offensive, particularly for children. Neither HTC nor any of its distribution affiliates can assume any responsibility for the content contained on the Internet or otherwise available through the Other Services. You must assume the risk of accessing content through the HTC Service; and neither HTC nor any of its distribution affiliates shall have any liability for any claims, losses, actions, damages, suits or proceedings arising out of or otherwise relating to access to such content. Parents may want to use a program capable of restricting access to sexually explicit material on the Internet or television or programming rental. Content questions or complaints should be addressed to the content provider or HTC at the address and telephone number listed in this Agreement. You are solely responsible for any information which you publish on the Web or other Internet services. You must ensure that the recipient of the content is appropriate. For example, you must take appropriate precautions to prevent minors from receiving inappropriate content. HTC and its distribution affiliates reserve the right to refuse to post or to remove any information or materials, in whole or in part, that HTC, in its sole discretion, deems to be offensive, indecent, or otherwise inappropriate regardless of whether such material or its dissemination is unlawful. By using the HTC Service or the Other Services to publish, transmit or distribute content, a user is warranting that the content complies with this Agreement and authorizes HTC and its distribution affiliates to reproduce, publish, distribute, and display such content worldwide.
28. **Electronic Mail:** Users must adhere to the HTC email policies set forth in the HTC Product Acceptable Use Policy. HTC may, at its discretion, provide, offer for sale or subscription, or otherwise make available to Subscribers software or services for email filtering, antivirus scanning, and other email security solutions for the convenience of Subscribers. HTC shall not be responsible for nor have any liability with regard to the email that users receive, nor for any lost or filtered email, nor for any failure to prevent virus delivery or infection. Subscriber agrees that Subscriber has been informed that the HTC Service includes a filter that diverts commercial mass mailings ("spam") from user's inbox into a bulk mail folder. User will have 7 days to review any email diverted into the bulk mail folder, and to save or delete the email. Any email left in the

bulk mail folder for over 7 days will be deleted by HTC. Subscriber has been informed in addition that Subscriber may opt out of this filtering service at any time by following the instructions in the User Guide. HTC is not responsible for the forwarding of email sent to any account which has been suspended or terminated. Such email will either be returned to sender, ignored, deleted, or stored temporarily at HTC's sole discretion. HTC reserves the right to reclaim any and all email addresses from Subscribers whose service has been canceled or terminated, regardless of the reason for such cancellation or termination.

29. **Newsgroups:** See HTC Product Acceptable Use Policy.
30. **Internet Relay Chat:** See HTC Product Acceptable Use Policy.
31. **Violation of HTC Product Acceptable Use Policy/Terms of Service:** HTC does not routinely monitor the activity of accounts for violation of this Policy. However, in our efforts to promote good citizenship within the Internet community, we will respond appropriately if we become aware of inappropriate use of the HTC Service. Neither HTC nor any of its distribution affiliates has any obligation to monitor transmissions made on the HTC Service or the Other Services. However, HTC and its distribution affiliates have the right to monitor such transmissions from time to time and to disclose the same in accordance with these terms and conditions. You hereby authorize HTC and its distribution affiliates to cooperate with (i) law enforcement authorities in the investigation of suspected criminal violations, and (ii) system administrators at other Internet service providers or other network or computing facilities in order to enforce this Agreement. Such cooperation may include HTC providing the user name, IP address, or other identifying information. Upon termination of an account, HTC is authorized to delete any files, programs, data and email messages associated with such account. The failure of HTC or its distribution affiliates to enforce this Agreement, for whatever reason, shall not be construed as a waiver of any right to do so at any time. You agree that, if any portion of this Agreement is held invalid or unenforceable, that portion will be construed consistent with applicable law as nearly as possible, and the remaining portions of this Agreement will remain in full force and effect. This Agreement shall be exclusively governed by, and construed in accordance with, the laws of the State of Minnesota.
32. **Bandwidth, Data Storage and Other Limitations:** Subscriber agrees to comply with HTC's bandwidth, data storage and other limitations of HTC Service as established and modified by HTC from time to time. Subscriber agrees that its activity will not improperly restrict, inhibit or degrade any other user's use of HTC Service, nor represent (in the sole judgment of HTC) an unusually large burden on the network itself. In addition, Subscriber agrees that its activity will not improperly restrict, inhibit, disrupt, degrade or impede HTC's ability to deliver and monitor HTC Service, backbone, network nodes, and/or other network services. Your email account is limited to 10 megabytes of storage space and to 90 days of storage. HTC reserves the right to modify, delete, or otherwise correct any accounts that exceed either limitation. Subscribers will be allocated 5 megabytes of server space. All electronic information of any nature will only be stored by HTC for a period of 90 days. To preserve email you do not want deleted, you can set your email account to ensure that your email is automatically stored on your computer's hard drive when you open it. Please check the Help section or the FAQ on your email client (e.g., Outlook Express) to find out how this can be done.
33. **Installation:** HTC does not represent, warrant, or covenant that installation modifications, including installing network cards or similar computer equipment, and modification of computer files such as INI, BAT, SYS, DLL and other system configuration files will not disrupt the normal operations of the Subscriber's Computer. HTC shall have no liability whatsoever for any damage resulting from the above or other file modifications.
34. **Amendment:** HTC may, in its sole discretion, change, modify, add or remove portions of this Agreement at any time. HTC may notify Subscriber of any such changes to this Agreement by posting notice of such changes on the HTC Service, sending notice via email or postal mail, or posting the change at www.yourlocal.coop. The Subscriber's continued use of the HTC Service following notice of such change, modification, or amendment shall be deemed to be the Subscriber's acceptance of any such modification. If Subscriber does not agree to any modification of this Agreement, Subscriber must immediately cease using the HTC Service and notify HTC that Subscriber is terminating this Agreement in accordance with Section 14 of this Agreement. Additionally, this Agreement may be superseded by an HTC user subscription agreement subject to your approval, which shall be indicated by your use of the HTC Service described therein.
35. **HTC DVR:** The HTC DVR service gives you the ability to access audio, video, and other media over which HTC exercises no editorial or programming control ("Third Party Content"). You understand that:
 - a. HTC does not guarantee the access to or the ability to record, display, or transfer any particular

- program;
- b. programming is not under HTC's control;
- c. programming providers may restrict or limit the ability to record, display, view or transfer particular programs by using a variety of copy protection mechanisms;
- d. content providers may restrict or revoke access to their content at any time;
- e. HTC is not responsible for and has no editorial control over any Third Party Content; and
- f. HTC has no control over the distribution of such content.

You agree that HTC will have no liability to you, or anyone else who uses your account and DVR, with regard to any Third Party Content. By using this service you agree that HTC is not responsible for any content that is stored on any DVR and HTC will not transfer, copy, restore or repair any content that is stored on any DVR.

36. **Third Party Content is Copyrighted:** You also understand that the Third Party Content is the copyrighted material of the third party that supplies it, is protected by U.S. copyright law and other applicable laws, and may not be reproduced, used to prepare derivative works, distributed, performed publicly or displayed publicly without the written permission of the third party that supplied it, except to the extent allowed under the "fair use" provisions of the U.S. copyright laws, other limitations on exclusive copyrights in the U.S. copyright laws, or comparable provisions of foreign laws. You hereby agree and declare that any and all Third Party Content accessed or transferred using the HTC service is for personal, non-commercial use and that the HTC service will not be used for Third Party Content to be copied or displayed before a public audience without authorization from the appropriate rights holder. Unauthorized copying or distribution of copyrighted works may constitute an infringement of the copyright holders' rights. HTC reserves the right to terminate the accounts of users of any HTC service who infringe the copyrights of others. In addition, steps intended to defeat or bypass security measures which are designed to prevent infringement of copyrighted works may be illegal under U.S. law or comparable foreign laws. HTC reserves the right to terminate the service accounts of users who develop or use any method to defeat or bypass such security measures and to take any other necessary or appropriate action to prevent infringement of copyright holders' rights.
